

A.I.S.E. TECHNICAL WORKSHOP 2019

A.I.S.E. AND THE EU PLASTIC STRATEGY

The Technical Forum session is an opportunity to discuss how our industry sector is actively contributing to the EU priority on Plastic in the context of the Circular Economy. After an introduction to setting the scene in the EU political context, an interactive discussion should take place among the participants about their experience on addressing the packaging for detergents and maintenance products with focus on the A.I.S.E. plastic packaging initiative.

20 JUNE 2019

09.00- 10.30
